

PATTISON NOMINATED ON SECOND BALLOT

Lewis B. Houck of Mt. Vernon is Selected for Second Place On Ticket.

Speech of Chairman Daugherty Made Hit and Temporary Organization is Made Permanent.

In Accepting Gavel, Mr. Daugherty Delivered Key-note Speech—Platform Praises Purchase of Panama Canal Supplies in Open Markets of World, Demands Enactment of Laws To Prevent Rebates, Opposes Graft, Demands Home Rule in Taxation—Short Sketches of Pattison and Houck.

Convention Hall, Columbus, O., June 28.—John M. Pattison was nominated for governor this afternoon on the second ballot. The vote on the ballot standing as follows: Neal, 122 1-2; Pattison, 457; Welty, 175; Whitlock, 73; McCann, 48; Peck, 64; Hunter, 15. Necessary to choice, 431. Vancleave withdrew after the first ballot.

After the vote on second ballot had been announced showing that Pattison had been nominated by 26 plurality, the nomination was made unanimous.

At 2 p. m. Roscoe Carle of Seneca county, nominated Lewis B. Houck of Mt. Vernon, for lieutenant governor. Gen. E. B. Finley seconded the nomination. Daniel Babst of Crawford county, was placed in nomination by Harry Newman of Miami, but he withdrew and Mr. Houck was nominated by acclamation.

Columbus, O., June 28.—The Democratic state convention met in platform making and nominating session this morning at the Goodale street auditorium. Chairman McKinney of the state central committee called it to order at 9:45 o'clock. The delegates were slow in arriving. He introduced the Rev. John W. Hewitt, rector of St. Paul's Episcopal church, Columbus, who offered prayer.

Mr. McKinney then announced the temporary organization: M. A. Daugherty, chairman; P. E. Barry, Mt. Vernon, secretary; and Joseph Goldsoll, Cleveland, sergeant-at-arms. In accepting the gavel Mr. Daugherty delivered the keynote speech of the convention. A full report of this speech is given in another dispatch.

There was a tremendous applause when Mr. Daugherty referred to the claimed party of God, temperance and morality taking up its headquarters in a Cincinnati saloon. Mr. Daugherty finished speaking at 11 o'clock.

Judge Williams Withdraws.
There were no delegate contests. Judge C. C. Williams of Columbus, was proposed for permanent chairman. There was a minority report favoring the temporary organization being made permanent. Judge Williams withdrew his name and asked that the temporary organization be made permanent. The motion was carried amid cheers. The platform was then adopted.

The Platform.
The platform adopted praises the purchase of Panama canal supplies in the open markets of the world; demands the enactment of laws by congress to prevent rebates giving power to fix rates to the interstate commission; pledges the party to work for the elimination of graft and political corruption; demands county home rule in taxation; demands the taxing of local franchise privileges; says the party believes in free and unqualified home rule; condemns the school code passed by the last legislature; favors the retention and improvement of the state canals; condemns the fee system and demands a salary law; favors the rigid supervision of state and private banks; favors legislation to prevent the giving and accepting of railroad passes; favors the election of United States senators by direct vote; favors the initiative and referendum; favors the repeal of all limitations as to time within which prosecutions may be begun for election bribery; censures and asks the ousting of the Republican triumvirate now controlling the state and denouncing the acts of the last legislature.

The home rule plank reads: "We believe in free and unqualified home rule. Free from state interference, each city, town and village should be allowed to decide for itself all matters of local policy, especially as between

inated for governor on the second ballot Wednesday afternoon, is 55 years old. He would be recognized anywhere as a live, active, alert business man. Not commanding in figure, but keen, forceful and a good judge of men. Young as he is he saw service in the civil war, although but 14 years old when he entered the army. He studied law and was admitted to the bar. He is a member of the Methodist church. For more than twenty years he has been president of the Union Central Life Insurance company. He is president in fact as well as in name, and it is in that business that he has demonstrated his ability as an executive and an organizer.

He has served in both branches of the general assembly, and was in congress for one term. He was elected to the lower house of the legislature in the seventies from Hamilton county. Some years after, when James E. Campbell was governor, the member of the senate from Clermont county district died, and the senate was a tie politically. An election was ordered in the district to fill the vacancy, and both parties made the contest memorable for on the result depended the political control of that body. Pattison was nominated by the Democrats, and was successful at the polls, and by the grace of his vote William V. Marquis, Democrat, presided over the senate.

Later Mr. Pattison was elected to congress, and served one term. The redistricting of the state cut short his congressional career.

Mr. Pattison's opponents in this convention give him the credit of being a good campaigner. Mr. Pattison is a cousin of the late Governor Pattison of Pennsylvania, the only Democratic governor that state has had in many years.

He is a prominent attorney of Mt. Vernon, where he has made his home for several years. Senator Houck is well known in Newark where he has many warm friends.

Columbus, O., June 28.—When Chairman McKinney of the state central committee called the Ohio Democratic convention to order Wednesday morning, he made a speech felicitating the party leaders, delegates and visitors assembled in the Columbus auditorium. Episcopal church, this city as chaplain. At the conclusion of the invocation, Hon. M. A. Daugherty of Fairfield county was presented as temporary chairman of the convention and when the applause had subsided, he began the delivery of his keynote, which was given close attention and much applause.

Mr. Daugherty concluding, the reports of the various committees were called for. The committee on permanent organization reported in favor of Judge Curtis C. Williams of Columbus, for permanent chairman, Rodney Diegle of Sandusky permanent secretary and Joe Goldsoll of Cleveland for sergeant-at-arms. This report was adopted unanimously. But little interest was manifested in the credentials committee's report, as there had been no contests to adjust.

HOME RULE

A Leading Feature of Democratic Platform—Tom L. Johnson Defines His Position.

Columbus, O., June 28.—In the preliminary session of the resolutions committee Mayor Tom L. Johnson was granted all that he asked. There was a harmony of ideas and opinions and upon all the important features of municipal ownership was under discussion. M. E. Ingalls, after listening to Mayor Johnson's explanation of his views, said that he had been informed that Mayor Johnson

had come to Columbus prepared to force municipal ownership upon the entire state. "All that I ask in the way of a municipal ownership plank," explained Mayor Johnson, "is a home rule plank with a municipal ownership provision made possible by a referendum vote. I have no desire to force municipal ownership upon any one, or any city."

Upon only one question was there a division of opinion: the proposition to indorse the constitutional amendment exempting municipal county and township bonds from taxation. On the final rising vote the proposition to indorse carried 16 to 5.

Other prominent features of the platform is a declaration for the passage of an equitable county salary law by the next legislature. The retention, maintenance and improvement of the state canal system is demanded and the legislature of four years ago censured for the passage of the electric rule bill. The school code is announced as the creation of the Repub-

JUDGE HUNTER'S NAME PRESENTED TO CONVENTION BY EDWARD KIBLER

Columbus, O., June 28.—The name of Judge Samuel M. Hunter, of Newark, as a candidate for governor, was presented to the convention today by Hon. Edward Kibler, who spoke as follows:

Mr. President and Gentlemen of the Convention:
It is a hopeful sign of the times that so many distinguished Democrats are seeking the gubernatorial nomination at the hands of our party this year. It shows that there is something doing. It smacks of victory.

Our party's adherence to principle, its faith in its policies and its devotion to the interests of the people are demonstrated by its ability to survive defeat.

The Democratic party deserves as its standard bearer today a man who shall truly represent its past, its present and its future. For the work we do here today, we must reckon with the Democrats of old, we must reckon with the Democrats of today, and we must reckon with the Democrats who are to be, for if we do not they will reckon with us. Those of you who were schooled in four political principles at the feet of the illustrious Thurman, Pendleton, Allen and Pugh deserve to be honored by our deferential regard. Their wise counsels should not be ignored.

But it is to the rank and file of our party today, whose judgment is unerring, whose sense of right uncompromising and whose criticism is unsparring, that we must look for our efficient strength as a party. If we do our whole duty today our future will take care of itself.

It goes without saying that our hope of a future depends upon our continuing to wage a relentless war upon every agency, present and future, which menaces the ultimate welfare and prosperity of the whole people.

Therefore we demand as our candidate a Democrat who has never apologized for being a Democrat and we

TERSE SENTENCES TAKEN FROM CHAIRMAN DAUGHERTY'S SPEECH

The speech of Chairman Daugherty, which is reported at length in another column of The Advocate, bristled with forcible and trenchant epigrams. Here are a few of Mr. Daugherty's sentences:

"A plundered commonwealth writhing in the grasp of grafters looks to you for deliverance."

"Boss Cox now appears with one foot on the city hall in Cincinnati and the other on the state capitol."

"The so-called Republican convention was the annual meeting of the Ohio grafters' association."

"It has been asserted, and not denied, that Governor Herrick is a stockholder in a company incorporated to steal canals."

"Governor Herrick's sincerity in opposition to the lobby is questionable because every act to lobby bears his signature."

"The hated trusts will not be exterminated until the policy of the protective tariff shall be buried beyond the hope of resurrection."

"Democracy regards the growing military spirit as the mortal enemy of the republic."

The conservative element have the ten districts, the 1st, 2nd, 3rd, 7th, 9th, 11th, 12th, 13th, 15th and 18th. They will control these districts on organization matters, though several of the members from those districts are friendly to Pattison. Johnson has the 4th, 8th, 17th, 19th, 20th and 21st. The 6th, 10th, 14th and 16th are Pattison districts, but are said to be anti-Johnson.

Chairman Ben J. McKinney of the state central committee was a candidate for re-election of the Fifteenth district member, but was defeated by Henry J. Buel of Muskingum, who, however, is an anti-Johnson man.

RALLYING CALL

For Campaign Sounded at State Convention

BY A. DAUGHERTY

State and National Issues Are Discussed.

Epitome of Democratic Policies For Consideration By the Voter—Comment on Men and Measures—Reply To Secretary Taft's Speech as Chairman of the Ohio Republican Convention.

Columbus, O., June 28.—The Ohio Democratic convention was called to order at 9 a. m.

In his opening remarks, M. A. Daugherty of Lancaster, as temporary chairman of the Ohio Democratic convention congratulated the delegates upon the political outlook, declaring the Democracy once more welded in harmony, and saying that "a plundered commonwealth, writhing in the clutch and grasp of the spoilsman and the grafters looks to you for its deliverance and redemption."

Continuing, he said, it has not yet been written of Ohio, as it has been written of a neighboring state and its municipalities, under Republican domination—"Corrupt and Contented."

About one month ago there assembled in this hall what is misnamed and mis-called the Ohio Republican convention. It was not a convention in any sense, least of all a political convention. There was no consultation, no advising together, no exchange or comparison of views in that assemblage which had met in meek and shameful servility to lick the hand and obey the command of its master. So completely and so thoroughly does the Ohio Republican machine do its work that the

M. A. DAUGHERTY.

Delegates to the Republican state conventions are not now either required, expected or permitted even to think. The boss kindly does that for them. No Republican of independent thought and judgment, no matter how worthy or deserving he may be, no matter what his character, attainments or abilities are, need aspire to a state office unless he first brings his offerings and performs his political devotions at the feet of the Cincinnati boss. Thither all Ohio Republicans now make their pilgrimages. It was long ago that Ohio Republicans learned that their party was the party of God and temperance and morality. We shall ask all the people of Ohio in this campaign how it has come about that the party of God and temperance and morality has taken up its headquarters in a Cincinnati saloon.

What ever else might be said, it is sufficient here to say that in 1900 this new leader was driven from the national Republican committee by public sentiment, because he was either too good or too bad to be associated with the Philistines composing that body. He now appears in the public eye with one foot on the city hall in Cincinnati and the other on the dome of yonder capitol. At the last so-called Ohio Republican convention he was supreme dictator and secure in his unchallenged dominion, he there received the praise, the adulation and the homage of the selected representatives of his party and high upon his royal throne, by George B. Cox. But it was not a political convention that anticipated and responded to his every wish. It was the annual meeting of the Ohio Grafters' association, already sordid and soggy with craft, insatiable and clamoring for more. The platform presented by that so-called Republican convention echoes the views of a body so constituted and controlled. It is elusive, evasive and platitudinous. On one and all the national and state issues it utters no clear and distinct sound.

Fee System and Salaries.
With great and singular unanimity, the public sentiment of the state has been expressed for the abolition of the antiquated fee system and the substitution of a salary law for county officers. This just and wise demand of all the people of the state was met by the declaration of that body that it favored limited and reasonable compensation to county officials. What else could that mean to man knows, but all men do know that it means no salary law at all. The Democratic county assembly expected a fair and just salary law in 1900, and the succeeding year a Republican majority threatened promptly repeated it and reinstated the fee system, and from that day to this in one form or another it has consistently increased the compensation of county officers, and whenever and where-

L. WERTZ.

Farm of Murdered Woman in McKean

the Common Pleas court against Jack-

ition of the property of the late Mrs.
Frances Wertz, who was murdered at
her home in McKean township, this
county, on the morning of June 1,
1935.

The property consists of three par-
cels of land in McKean township, con-
taining in all about 88 acres.

Plaintiff says that James Wertz,
widower of the deceased and plaintiff
and defendant, Jackson Wertz, are the
only heirs at law. That by the death
of Frances Wertz plaintiff and defen-
dant Jackson Wertz became seized in

property, each becoming seized of the
one undivided half part of the property,
each of said portions being subject
however to the right of dower of
James Wertz. That the dower of Jas.
Wertz has never been assigned to him.

Plaintiff asks that a partition of the
property be made by the court, be-
tween plaintiff and defendants accord-
ing to their respective rights and in-
terests; that her interest may be set
off to her in severalty; that commis-
sioners be appointed by the court for
the purpose of making the partition
and assigning dower, or in case a par-
tition of the property cannot be made
without manifest injury to the value
of the same, then that the premises
may be sold by and under the direction
of the court, free of the rights of all
the persons party to the suit, and that
the proceeds of the sale may be distri-
buted to the parties, and the title
thereto in lieu of their respective par-
ty and proportions of the estate, ac-
cording to their rights therein, and
that she may have such other relief
as is just and equitable. Smythe &

Labor Day Celebration.
Labor Day will be with us again in
two months, and the indications are
that the celebration this year will be
one of the largest ever held in Cen-
tral Ohio. From now on there will
be lots of work for those interested,
and they will need all the assistance
that can be accorded them by the dif-
ferent locals. Everything so far, is
going smoothly on, but many little de-
tails remain to be worked out. The
celebration will be held on the public
square.

BALLOON
Was Burning, but the Aeronaut Stuck to It Until He Saw a Chance to Drop Safely.

New York, June 28.—"Don't go up in a burning balloon," said Joe Bush, the aeronaut. "I did it Sunday, and had one chance in a thousand of living to tell about it." Bush appeared on Sunday at Hillside Park, Belleville, N. J., in a balloon ascension, with a parachute drop. The balloon was expected to float several thousand feet in the air before Bush cut loose his parachute. The big cotton bag was inflated with hot air and made the start all right.
Bush then saw the flames from the fire had been carried through the chute and had involved one side of the balloon. He made this discovery when 150 feet from the ground, and realized that the fall would be too short to insure the opening of the parachute, so he hung on and watched the flames slowly consuming the side of the big bag overhead until the balloon had reached an altitude of 750 feet.
There was danger of the top of the parachute being burned, and Bush disengaged it and dropped. It opened within 200 feet of the earth and he alighted gently. The balloon instantly inverted, and the outrush of hot air extinguished the flames. The balloon was recovered, badly damaged, across the Passaic.

GOT EXCITED
Over the First Vote He Cast Since the War and Died, Aged 105.

Clearfield, Pa., June 28.—Robert Baird, aged 105 years, of Delancy, is dead. He was undoubtedly the oldest person in the state, and until his death was about the spryest old person in the community. Last Saturday a week Mr. Baird walked to the township polls and cast a vote for Judge Reed. It was his first vote cast since the Civil war, Mr. Baird having maintained for 40 years that he was too old to vote. However, he became excited over this election and it is thought that it led to his death. He left children who are octogenarians.

BRIDE AND GROOM
Who Rode on Bumpers of Train Arrested an Admonished—Deserted Bride in Coal Car.

Cleveland, O., June 28.—Mary and William White of Pittsburgh, bride and groom of 18 and 23, were arraigned in court yesterday. They were charged with riding on a freight train.
Blushing with shame at their predicament the bride explained to the judge how they came to be in Cleveland.
"We have been married eight months," she said. "Will thought he could make more money in Cleveland, and so we came as regular passengers. Work was scarce and we decided to go back. We had no money so we had to ride on the bumpers."
The couple were discharged with a warning to keep off the bumpers.

Bride in a Coal Car.
Cleveland, O., June 28.—Erie railroad detectives found a young bride in a coal car and took her to the police station yesterday.
"I'm going to my home in Conway, Pennsylvania," she sobbed. "My mother did not have any money to buy a ticket, so I thought I would steal a ride."
She says that she is 18 years old, that she had been married, but that her husband had deserted her. The railroad detectives got a pass for her and sent her to Conway. She refused to give her name.

ROBBY F. M'COY DIES IN HOSPITAL
SENTENCE TO PRISON OBJECT LESSON TO YOUNG MEN HE DECLARED.

Dead Man Was Partner of Jimmy Hope of Manhattan Bank Robbery Fame.

New York, June 28.—Big Frank McCoy, bank robber and partner of the late Jimmy Hope, of Manhattan bank robbery fame, died at the Metropolitan Hospital on Blackwell's Island, yesterday afternoon, of a complication of diseases.
McCoy had been penniless and almost without friends for years. He was taken to Bellevue Hospital on June 18, from a Third Avenue saloon, in a dying condition. On Wednesday last he was removed from Bellevue to the Metropolitan to die.
The fact that he was going to the island seemed to have a depressing effect on the former burglar, and he drew an object lesson from his fate for young men. He expressed the hope that his stay on the island would be short and that he would soon get well and secure some light work at which to earn sufficient to keep him for the remainder of his days. At the island he became more despondent and failed rapidly until the end came.
McCoy and Hope, who died a few weeks ago at his home on Amsterdam Avenue, were implicated in some of the most sensational bank robberies in the country. McCoy at different times in his career was possessed of considerable money, but it went as fast as it came.
McCoy's body was brought from the island to the morgue today and unless taken by friends, will be buried by the city. McCoy is not known to have had any relations living. An effort, it is understood, will be made to raise sufficient to defray the funeral expenses. Should this fail it is believed a Third Avenue saloon keeper will furnish the money.

IN SMITHEREENS
Carriers Found Large Quantities of Mail in an Alley—Postal Boxes Had Been Robbed.

Newcastle, Ind., June 28.—Three city mail carriers in passing through an alley last night found a large amount of United States mail matter which had been mutilated and thrown aside. Upon closer observation checks to the amount of nearly \$700 were found mutilated. It later developed that the mail had been purloined from the local boxes in the postoffice. The checks were drawn in favor of local manufacturing concerns, and had been deposited in the boxes on Sunday.
Combination lock workers are thought to have operated here in search of money, and there is no telling how much they secured. One of the discarded checks was for \$475. The thieves were evidently afraid of detection and discarded all checks and other mail matter, keeping only that which was likely to serve their purpose. The postal authorities were notified and are investigating.

HON. JOHN TIGHE.
Assemblyman Tighe's letter should be read by every brain worker leading a strenuous life.

Hon. John Tighe, No. 98 Remsen St., Cohoes, N. Y., Member of Assembly from the Fourth district, Albany county, N. Y., writes as follows:
"Peruna has my hearty endorsement as a restorative tonic of superior merit. At times when I have been completely broken down from excess of work, so that my faculties seemed actually at a standstill, Peruna has acted as a healing restorer, starting the machinery of mind and body afresh with new life and energy."

"I recommend it to a man tired in mind and body as a tonic superior to anything I know of and well worthy serious consideration."—J. Tighe.
Excess of work so common in our country causes impaired nerves, leading to catarrh and catarrhal nervousness—a disease that is responsible for half of all nervous troubles.
Peruna cures this trouble because it cures catarrh wherever located.
If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

WOODED AND WON BY AN INSANE MAN
DISCOVERY MADE BY BRIDE SOON AFTER THE WEDDING CEREMONY.

Man Recommended to the Asylum and Bride is Granted a Divorce in State of Indiana.

Indianapolis, Ind., June 28.—Wooded and won by an insane man without knowing he was insane and subsequently so cruelly treated by him that she had to leave, was the substance of a strange story related yesterday afternoon to Judge Leathers by Nellie Eckstein who was suing for divorce from George Eckstein.
The latter courted her in 1899 when he was out of the Central hospital for the insane on a furlough. She says she did not even suspect he was mentally unbalanced and no one told her. After the marriage ceremony was performed Eckstein told her a wonderful story of his wealth and a fine position at Peru. He took her there. The disillusion was speedy for he had neither wealth nor position. She says he began to treat her cruelly, choking and beating her till she left within a short time.
Two weeks after her departure he was recommitted to the asylum and is there yet. She has called on him, but he fails to recognize her. The Indiana laws do not recognize insanity as grounds for divorce, but the judge annulled her marriage inasmuch as Eckstein, when the ceremony was performed, was insane.

POUTS
At New Marriage Laws Catechism and the Logansport Belle Will Wed Elsewhere.

Logansport, Ind., June 28.—Refusing to answer the catechism provided under the new Indiana law for applicants for marriage licenses, Miss Fern Tolley, a prominent young society woman will leave the state to secure a license.
Her fiancé, A. R. Shriner of Johnstown, Pa. came here and applied for a license. He filled out his application, giving the required information as to occupation, health, age and parentage but when Miss Tolley was asked to fill out similar blanks she refused point blank. She agreed to go with Shriner to Pennsylvania, where the law is not so inquisitive, and he married there.

Under the law enacted by the last legislature the marriages contracted outside of Indiana to escape the provision of the marriage law enacted by that body are invalid in this state.

RUSSIA ACCEPTS AUGUST DATE
TIME FOR FIRST MEETING OF THE PLENIPOTENTIARIES AT WASHINGTON.

Rumor Circulated in St. Petersburg That General Kuropatkin Had Been Killed in Battle.
St. Petersburg, June 28.—The foreign office has issued a communication that Russia has accepted the first ten days in August as the time within which the first meeting of the peace plenipotentiaries will take place. The precise date depends upon the time of the arrival at Washington of the Japanese representatives.
A rumor spread throughout the city that General Kuropatkin had been killed. This rumor was connected sometimes with a report that 70,000 Russians had been cut off by General Nogi's army and that Kuropatkin had been taken prisoner. Nothing confirming of these rumors has been received either by the general staff or in press dispatches. The members of the general staff say that no reports of special importance have been received. A report received from General Linévitch indicates that the Japanese advance continues steadily and that the Russian van posts, under pressure, are retiring, fighting.

GOT HIS HAIR BACK.
Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '98, and began to use it for his baldness. The hair follicles in his scalp were not dead and in 29 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroys the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. C. T. Bricker, Special Agent.

WHAT WHISKEY COSTS THE DRUNKARD
Cure the Drink Habit With Orrine and Save Money.
Whiskey drinking does not pay. Take the lowest possible view, without counting the loss of friends, the loss of business, the loss of manhood that comes to the drunkard; consider simply the actual money paid out and see what it costs in dollars and cents. Good authority states that nearly one-third of the wages of the laboring man goes over the bar. How much are you contributing? Figure up for one month how much you take from your wives and children and pay out in exchange for drink. The total will astonish you, and you will swear off.
Will-power alone will not cure the habit. Use Orrine, the only guaranteed cure for the habit. It can be used without publicity or loss of time. It strengthens the nerves, gives a good appetite and refreshing sleep. The cost is small, \$1 per box. Orrine is sold and recommended by F. D. Hall, 10 North Side Square, Newark, O. 2

The momentum of the train was too much for him and as his hold on the car broke he was thrown under the wheels and both legs were taken off. He cannot live. Cline has a mother and sister, and was their sole support. He is well known in Newark, having worked here for about two years.

LANDMARK MOVED

To Give Place for Modern Building in West Newark—Mr. Schaller Begins Cement Block.

Mr. August Schaller has begun the construction of a new cement block building at the corner of Union and Maholm streets. The Huffman and Sunderland barber shop building has been moved back on Maholm street, and the old house which stood between the Kreider grocery and the barber shop, has been moved to the rear of where it stood. This is one of the oldest houses in Newark and has been standing on Union street for about 60 years. The Kreider grocery building, which stood on the corner, was Tuesday moved up next to the Schaller saloon, so that the entire corner is now left vacant. It is here that Mr. Schaller is constructing the new building, which is to be a two story affair, so arranged that the owner can build additional floors if desired, and is to be of cement block. When completed, three fine business rooms, fitted in the most up to date style will occupy the first floor, and the second floor will be occupied by dwelling rooms. The new structure is to be 65 feet wide by 61 feet long, and will face on Union street.

Contractor James S. Dudley has the construction in charge and the new building will possibly be completed by the last of September.

Upon the Return of Mayor Crilly
to Newark.

George Smith, a well known carpenter of this city, residing with his family on Jackson street, was arrested Wednesday by Officers Carroll and Zengibel on an affidavit sworn out in Mayor Crilly's court by Hervey Dean, charging him with having forged his name to an order for \$20, which order was cashed by Father B. M. O'Boylan. The order read as follows:

Newark, O., April 29, 1905.
Dear Sir, Father O'Boylan.

The crime is alleged to have been committed on or about the 30th of April, 1905. Smith was locked up in the City Prison and will have a hearing upon the return of Mayor Crilly, who is out of the city.

An Advocate reporter called at the City Prison and in an interview with Smith was told that he had been working for Mr. Dean, who was indebted to him in the sum of \$20; that Dean gave him the order on Father O'Boylan for the money, and because he succeeded in securing the money on it he had him arrested on the charge of forgery.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys, and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes the unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. TEDDY BROKE IN THE EIGHTH

MT. VERNON POUNDS OUT THREE TWO SACKERS AND A SINGLE.

Game at Idlewild Park Tuesday Afternoon Lasted Eleven Innings, But Locals Lost Out.

Newark started a bunch of trouble for Teddy Purcell in the eighth inning here yesterday afternoon by hitting the ball out of the lot. Reilly and Humphreys followed with the same kind of hits. Reynolds tried his best to duplicate the work of his team mates, but got only a single. This was sufficient, however, to net three runs and break up the charm which hung over Terrible Teddy in Tuesday's game.

Newark came up in the ninth with a single by Schweitzer and a two sacker by Written tied the score, making the game an extra inning affair, which ended finally in a Mt. Vernon victory, 5 to 3.

It was a hard game to lose. A good sized crowd had turned out to see the teams who are fighting seventh place in the association standing. It looked like a shut out for the visitors. Newark was batting regularly and was taking advantage of errors by Mt. Vernon's infield.

Reynolds got a clean single in the second, and was caught by Doyle at first base. Clarke got a pretty two sacker in the third but died at second and these were the only hits which Teddy allowed until the fatal eighth.

Newark scored in the second after Doyle singled. Al Schweitzer sacrificed Joe to second, taking third on McDonald's out. Clarke dropped Written's pop up fly, permitting Doyle to score. The performance was repeated in the fifth when Reynolds threw wild on Written's infield grounder. Fields sacrificing him to second. He scored on Purcell's hit for two bases.

Schweitzer was thrown out at the plate by Reilly, when he hit a two bagger and tried to score on McDonald's long fly to the middle meadow.

Then came the fatal eighth. Ilger hit for two bases. Reilly followed with one over Schweitzer's head good for two bases. Humphreys hit one over left field fence for two more bases. He scored on Reynolds' single. Then Newark tied the score in the next frame.

Until the first half of the eleventh there was nothing doing in the score getting business. Then Humphreys hit again for two bases. He was sacrificed to third by Reynolds. Boyle bunted to Purcell who fumbled and a stolen base followed. Miller's long hit to left scored both men and won the game.

The score and summary.

NOTES.

That eighth inning was one of those unaccountable events in a baseball game.

McDonald caught a foul fly from Mollie Miller's bat in the second which came down back of the first base foul line.

Riley's hit in the eighth was the longest made on the local ground this season.

Al Schweitzer fielded his position in his usual faultless manner. The little German looks good to Newark fans with a Newark uniform on.

Each pitcher gave three passes to first.

Purcell pitched a twelve inning game Saturday and an eleven inning game yesterday. That's lots of hard work.

Teddy Purcell threw three balls in

the tenth inning, retiring the side. Taylor made one or two decisions Tuesday which were questionable. The crowd even questioned one decision.

Clarke's error in the second when he dropped Written's pop up fly was a bad one and was responsible for Newark's first run.

Riley's long throw from deep center to home plate, catching Schweitzer, was loudly applauded. Riley was compelled to respond by hitting his cap.

GOSSIP FOR FANS.

"What is wrong with Teddy Purcell?" is the question heard on nearly every street corner today. Teddy's good work in the early part of Tuesday's game all counted for naught when he weakened and allowed three hits for extra bases followed by a clean single. His errors were bad too.

In the Zanesville game he let down after MacKown muffed an easy fly. At Tuesday's game there were many dollars which hung in the balance pending the result of the game and its loss causes the fans who wager their money on Newark, to lose faith in their ability to win. One or two ventured to remark that an error behind Purcell caused him to lose heart. That at least, was not the cause of his weakening yesterday. Until that time there had been three errors, one his own. He fumbled a bunt hit in the last inning, and the man later scored.

Upon referring to the records it is found that out of the last ten games Purcell has played with association teams he has won three. This dates back as far as May 28. The games won were as follows:

Newark 2, Lancaster 1. Purcell and Johns.

Newark 4, Massillon 1. Purcell and Smith.

Newark 6, Mt. Vernon 2. Purcell and Geyer.

Of course four of these games were with the leaders in the association, Zanesville, Youngstown and Akron.

A fan says: "There is a reason why Newark is losing so many games. What is it? Can it be remedied? If yes, why is it not remedied?" It is acknowledged that the departure of Linderbeck and O'Brien from the team weakened it considerably. It was hoped that the addition of McDonald and Schweitzer would bring the team back to its old standard. The latter has the confidence of the local enthusiasts for he is well known here.

McDonald has his reputation to make and in order to do his part to bring the team up to the top, must field almost faultlessly and must hit regularly. This true that some of the players on the team are not doing this, but the new men, to make good, are expected by the fans to work harder.

McDonald's first game with Newark was well played. He got one out of the three hits and had no errors. In his first home game he won a warm place in the hearts of the locals by hitting twice safely and fielding faultlessly. Yesterday he had two errors and failed to connect with Geyer's benders.

It's Nel Mason's turn to pitch at Mt. Vernon today. In order to retain eighth place in the association standing and to creep up we must win every game for some time to come.

Newark has but three more games scheduled for the home grounds before July 15, unless some of the open dates are played here. On July 4, next Tuesday, Zanesville plays here in the morning. In the afternoon we meet the Moguls at Zanesville. Stenben-ville has dates here July 9 and 10, while July 5, 6, 7, 8, 13, 14 and 15 remain open. The new schedule will be arranged before July 15, and then the race for the pennant in the Independent association will be on in earnest.

The Zanesville Times Recorder states that Teddy Purcell received poor support in yesterday's game with Mt. Vernon, and that the loss of Mac-

Kown crippled the team badly. Mt. Vernon had three earned runs and Purcell's error was the only one that figured in the other half scored by the visitors. Three two base hits in succession, followed by a single, could hardly be blamed to poor support.

PARENTS CONDONE DIVORCED WIFE

AND DENOUNCE THEIR DAUGHTER FOR WEDDING THE MILLIONAIRE.

Who Cast Off His Faithful Wife For Frivolous Young Girl—Bride 20 and Groom is 55.

Chicago, June 28—A quiet wedding here at the Plymouth Congregational church united Evelyn Wilkinson, aged 20, to Nathan W. Stowell, aged 55, a millionaire, of Los Angeles, Cal. Following the wedding, which they did not attend, Prof. William C. Wilkinson, of the Chicago University, and wife, wrote letters of condolence to Mrs. Stowell, the divorced wife of their son-in-law, in which they bitterly denounced their daughter for marrying a man who cast off one wife to wed another. Mrs. Wilkinson wrote:

"You cannot imagine the depth of darkness under which we are compelled to live the remainder of our lives. We would infinitely have preferred laying her in the grave. If wide publicity in the papers will contribute to the vindication of the injured wife we are willing to suffer it all."

Prof. Wilkinson wrote: "Not even you can more heavily reprobate the perfidy of my daughter than does her own father."

The Wilkinsons and their daughter visited Mexico 14 months ago and on arriving at Los Angeles it was discovered that Evelyn had contracted smallpox. Urgent business took the father and mother to Chicago, and there came to nurse the daughter. Mrs. Stowell, who was immune from the disease, thus Stowell met her.

The actions of the girl and Mr. Stowell were so circumspet as never to have in any way attracted the wife's attention and so innocent was the wife of all suspicions concerning her guest, that even when her husband's attorney served the notice of application for divorce she never suspected that there was any intrigue in the matter. She could not understand it at all, and said to her attorney, after thinking it over: "Well, if he wants to be rid of me let him go." And so it was that a property settlement was made by which Mrs. Stowell received about \$150,000.

The two, in spite of the difference in age, loved, and after Evelyn went home she corresponded with him. Her father discovered this, and also that Stowell in Texas had started divorce proceedings. He could not move his daughter's resolution and the divorce was granted, but he told her she could never visit him again. Stowell's wife was ignorant of the divorce until about the time it was granted.

Boy's Remarkable Escape.

Lawrence Brown was struck by lightning Tuesday while out salting cattle, says the Sacramento Bee. His right ear was burned, the lightning went down his right side, burning his leg in several places and scorching the leather of his stirrup. The horse that he was riding was killed under him, dropping instantly, and its body did not show the slightest mark.

The lightning came down a pine tree under which the horse and rider were passing, and the whole thing occurred in the sunshine. He was about 20 feet from the dead horse when he recovered consciousness, and his hat, which was cut by the lightning across the top, was at a much greater distance. When he came to himself the first thing he wanted was water. He crawled to a ditch, and his right side dragged as if paralyzed. However, there is none of the numbness left.

It simply can not be explained how he escaped. From the path the lightning took down his body, it would appear that it passed into the horse's body from his spur, but nothing on the body of the dead animal furnishes any clew.

FIGHTING DRESS

Of Mrs. Hoyt Was Red, Declared Witness, and Things Jangled When She Wore It.

Tiffin, O., June 28.—The Hoyt will case was full of sensations yesterday. The principal witnesses were Elia Manley, the colored attendant, and Dr. R. R. Hendershott, a physician who attended Mrs. Hoyt in her last illness.

Miss Manley made a good witness for Judge Bunn. She was under cross examination for half a day, but could in no wise be shaken.

The witness told of a red dress worn by Mrs. Hoyt, which she called her "fighting dress," because she always quarreled with the servants when she had it on. One day when she had this dress on Mrs. Hoyt compelled her to cut out a paper hatchet and pin it to the dress as a gift to the servants. The plaintiff's attorneys tried to make the witness testify that Mrs. Hoyt carried a bottle of prussic acid and threatened to take her own life if they attempted to place her in an asylum. The witness testified that Mrs. Hoyt had offered to educate her sister's daughter in a convent, but that Mrs. Hill refused. The witness stated that Judge Bunn at one time presented her with a chicken, out of compliment to her color. The testimony of Dr. R. R. Hendershott, a local physician, was in favor of the defendant. He stated that Mrs. Hoyt had told him that Judge Bunn was her only and best friend.

PATTISON NOMINATED

(Continued from page One.)
the first ballot in the belief that such delay would work to a weakening of the Pattison forces, but Pattison leaders declare that they have planned to win on the second rather than the first ballot. All agree that no choice is likely on the first ballot, but there the agreement ends.

The possible action of Mayor Johnson, of Cleveland, on candidates was the occasion for much discussion. He maintained that his chief interest was on the platform and that the candidates were of less importance, his county not having any favorite son for whose nomination he wished to fight. Mayor Johnson called on Judge McCann, the Dutton candidate for governor, and the report soon gained circulation that at least a portion of the Cleveland delegation would vote for Pattison, while none would vote for McCann, which none would vote for Pattison. Johnson also called on Pattison, whom he told frankly that it would be unwise to nominate him. Pattison, because such a nomination would bring the temperance question into too great prominence, affecting the city vote adversely.

While Pattison may be said to have lost out in the committee on permanent organization, there can be little doubt that he won in the committee on rules and order of business. The fight there was on the "unit" rule. There are a number of delegations, the members of which are bound by instructions to vote as a unit for the candidate for whom they are instructed, and the Pattison people, wishing to go "gunning" after these delegations for second choice votes, did not care to run up against a rule forcing these delegates to vote for whom they were instructed. Lead by Oscar W. Newman of Scioto, the Pattison men succeeded in having adopted a rule, which, while recognizing the unit rule when adopted by a county convention, does not recognize that rule when it is attempted to be enforced by members of a delegation independent of the instructions of its convention.

There seems to be little interest in any of the nominations for any of the offices except for the head of the ticket. The candidates for supreme judge are Judge Richard Voorhees of Coshocton, Judge H. T. Mathers of Sidney, D. M. Greber of Steubenville, and J. W. Winn of Defiance. Frank Martin, of Delaware having withdrawn. For attorney general, James S. Thomas of Portsmouth and Timothy Hogan of Jackson have so far been announced.

JUDGE C. C. WILLIAMS

Selected for Chairman But Today the Temporary Organization Was Made Permanent.

Columbus, O., June 28.—The members of committee on permanent organization decided to report in favor of Judge Curtis C. Williams, of Columbus, for permanent chairman; Rodney J. Dingle, of Sandusky, permanent secretary, and Joe Goldsoll, of Cleveland, for sergeant-at-arms. Judge Williams is an avowed supporter of John C. Welfy for the nomination for governor.

As soon as the committee had organized, W. H. Williams of Columbus presented the name of Judge Williams; the name of Mr. Daugherty also was put forward as was that of Mr. Snook. There was much speech-making, and many plays for time, but the vote was forced by the anti-Pattison people and the roll call showed 10 for Williams, 5 for Daugherty and 4 for Snook.

When the committee on credentials met a list of delegates recognized by state central committee was read and, no controversies appearing, was passed on favorably as the roll of the convention. This was said to be the first time in twelve years that no contest was heard by the committee. One contest came before the state central committee.

Harsh Treatment Causes Crew to Murder Officers—Vessel Now at Sea.

(Bulletin.)

Odesa, June 28.—The crew of the battleship Kniaz Potemkin Tavrishesky, of the Black Sea fleet, mutinied because of harsh treatment and murdered the officers. The mutineers threatened to bombard the town.

The battleship is cruising at sea; crew fearing to land, while the authorities are hesitating to make arrests fearing bloodshed if they attempt to board the vessel.

The Potemkin has had a checkered career. It took more than seven years to build her in the yards at Nicolaieff. When about to be placed in commission in September last, it was found that two of her boilers had been damaged, but by whom it was never ascertained. The boat only got into commission this spring.

GLORIOUS FOURTH

Some of the Gay Celebrations When the Nation Was Young.

Noise and fireworks, parades and display and even liquor set their mark upon the anniversary of the nation's birth while the nation was still very young and the Tory was yet abroad in the land, says the Chicago News. A picturesque description of the first annual celebration of the nation's birthday, 1777, when the United States was a year old, is that by John Adams in a letter to his daughter, written from Philadelphia. "Yesterday being the anniversary of American independence we celebrated here with a festivity and merriment such as the occasion, he says, 'I went on board the Delaware with the President and several of the marine committee, soon after which we were saluted with a discharge of 13 guns, which was followed by 13 others from each of the armed vessels on the river. The wharves and shores were all lined with a vast concourse of people, all shouting and huzzing.'"

After the presidential party had come ashore there followed, according to Mr. Adams' letter, a "good dinner and good cheer." And there was "fine music from the band of Hessians taken at Trenton and continual volleys between every toast from a company of soldiers drawn up in Second street." Then came a parade of the companies and regiments. Of the evening celebration he writes: "I was out walking about the streets for a little fresh air and exercise and was surprised to find that the whole city had lighted up their candles at the windows. I think it was the most splendid illumination I ever saw." And again: "I had forgot the ringing of the bells all day and evening and the bonfires in the streets and the fireworks let off."

However the national independence was first celebrated July 8, 1776, four days after the signing of the declaration, according to Marshall, "on a warm, sunshiny morning" in the yard of the statehouse (at Philadelphia), "where in the presence of a great concourse of people, the declaration of independence was read by John Nixon. The company declared their approbation by their repeated huzzas. The King's arms were taken down in the court room, after which we went to the commons, where the same was proclaimed at each of the five battalions. Fine sunlight, pleasant evening. There were bonfires, ringing bells and other demonstrations of joy."

One day later, July 9, the declaration was celebrated at New York in a manner directed by Washington. After this each recurring July 4 was observed by the army. In 1877 it was celebrated by a "feu de joie" (volley) and every soldier was given an extra gill of rum. In 1879 the day brought joy to wrongdoers in the army. All prisoners under sentence of death were granted pardons by Washington and released from confinement.

RESIGNATION OF HERRICK

As President of One of the Country's Largest Banking Houses.

SUBMITTED TO TRUSTEES

Limited Train on the Pennsylvania Strikes a Switch Engine, But Her Passengers Escape—Fatal Collision Between Trolleys—Other News Notes of Ohio.

Cleveland, O., June 28.—Governor Herrick resigned as president of the Society for Savings, reputed the second largest savings bank in the United States. He had filled the position for 10 years, and was elected chairman of the board, that position having been created for him.

Governor Herrick was succeeded as president by Albert L. Withington, who has been secretary and treasurer of the society for 10 years and who has been the executive officer of the society since the governor's residence in Columbus. John H. Dexter was elected secretary and treasurer. Some change has been expected since Governor Herrick's official duties require his residence in Columbus, and during the past two years he has been at the bank only at occasional times. When he was elected governor, the trustees asked him to retain the position of president—a request he felt he could not refuse at the time.

Limited Strikes Switch Engine.
Lima, O., June 28.—While running at a speed of not over 25 miles an hour entering the company's yards in this city eastbound passenger Pennsylvania limited number 2, crashed into a switching engine and a half dozen freight cars loaded with timbers. The passenger train did not leave the track, and was immediately under control. Other than a severe shaking up no passenger was hurt. Yardmaster Kendrick, of the local Pennsylvania yards was thrown under the wheels of the freight train and his right leg was cut off. The limited was late and the freight crew was using the passenger tracks to do some switching.

Clerks Hold Over.
Columbus, O., June 28.—Whether clerks of city councils are to be re-elected or are to hold over with the councilmen under the revised election laws, was determined by the decision of the supreme court in the case of W. E. Gunn vs. Peter Witt, Cuyahoga county. The court decided that Witt holds over.

Scaffold Collapsed.
Cincinnati, O., June 28.—Lawrence McGowan, 42, was killed and Frank Wahoff, 32, fatally injured, by the fall of a scaffold, which plunged six stories to the ground. Both bricklayers. The accident was due to the breaking of a rope which had been used to secure the scaffold.

Trolleys Collide.
Cincinnati, O., June 28.—In a collision between trolley cars, Conductor John Kline was instantly killed and Miss Ethel Maddox of Newtonville, a passenger, who jumped off a car, had her thigh broken. The accident was the result of a misunderstanding in orders after a blockade.

Successful Trial of Airship.
Toledo, O., June 28.—A Roy Knabenshue, aeronaut, made a trip in his new airship "Toledo No. 1." The trip was successful Knabenshue sailing over the city for 45 minutes going with and against the wind. The new ship carries a ten-horse power gas engine.

Drowns in Cistern.
Batavia, O., June 28.—Raymond Leid, the 10-year-old son of Engineer Leid, living on Price Hill, was accidentally drowned in a cistern at Summerside. Young Leid and his 12-year-old brother went to Summerside for a two weeks' visit.

Convict Goes Insane.
Columbus, O., June 28.—Consternation was caused yesterday at the dinner hour at the penitentiary by Walter Fisher, a life man from Clark county, suddenly going insane and jumping up from the table and shouting out a jargon of religious sentiments. He was quickly caught and committed to a cell. He has been working in the mine for some time, and at last night 27.

Planing Mill Burns.
Columbus, O., June 28.—The Sager planing mill and several residences adjoining were destroyed by fire. Total loss \$20,000.

Bunch Sentenced to Prison.
Philadelphia, June 28.—William Yost, judge of elections of the twenty-first division of the Thirteenth ward, pleaded guilty before Judge Carr in the court of quarter sessions to making a fraudulent return of election on Feb. 21 of this year. He was sentenced to five months in the county prison and to pay a fine of \$500. Bernard Strauss, inspector in the same division, pleaded guilty to the charge of conspiracy and was fined \$500 and sentenced to five months' imprisonment. William Glenn, the inspector's clerk, pleaded guilty to the charge of conspiracy and was fined \$500 and sentenced to four months' imprisonment. KING OSCAR SPEAKS OUT

Opposes Idea of Bernadotte Prince on Throne of Norway.

ORDERS STATEMENT ISSUED

Fiery Debate in Both Houses of the Swedish Riksdag on the Secession. Peaceful Solution of the Difficulty Extremely Improbable—Premier of Sweden Talks.

Stockholm, June 28.—King Oscar has directed the court marshal to issue the following statement regarding the rumor that his majesty would be willing to place a prince of the house on the throne of Norway. "The king does not approve the idea and will not consent thereto. The only condition on which his majesty could consider this decision would be the unexpected expression of the wish of the riksdag that a prince of the house of Bernadotte should ascend the Norwegian throne."

The riksdag elected extraordinary committees to which were referred the government bill looking to a settlement with Norway. The senate committee consists of nine anti-government members, and the house committee of five pro-government, five anti-government and two independent members. The debates on the bill brought out fiery speeches in which the action of the Norway storting was condemned and the Swedish cabinet severely criticised. The tenor of the speeches throughout the debate in both houses leaves the impression that the majority of the speakers were of the opinion that a peaceful solution of the difficulty was extremely improbable.

Premier Ramstedt spoke as follows: "After June 7 Sweden had two alternatives—one, that of force, and the other to reluctantly accept dissolution. Nobody openly advocated force, but some persons advocated a procedure which would ultimately lead to war. The object of war would be to compel Norway to retract its action, but anger must not blind us to our own interests and our interests are against forcing Norway into any kind of a union. A conquered Norway, while of no advantage, would forever be a source of danger. Add to this the horrors of war, and their enfeebling results—all arguments against the employment of force. If not force, then it is best to assist in the dissolution of the union without harsher conditions than the future safety of the peninsula demands."

Cossacks Pounce on Socialists.
Warsaw, June 28.—A secret meeting of 200 Socialists in the forest of Zgierz near Lodz, was surprised by Cossacks. Eighteen of the Socialists were wounded and 180 arrested. The authorities received information that the meeting was being held and sent a squadron of Cossacks who surrounded the forest and fired into the socialists, taking them entirely unaware. The wounded were taken to hospitals at Lodz and those arrested were sent to the prison at Lenzyska, 20 miles distant.

FOR \$50

Broker, Who Needed the Money, Swam the Ohio River and Nearly Drowned.

Pittsburg, June 28.—"I wish I had \$50," said William Bradburn, of this city, who has been a broker all his life, and whose brother was one of the famous brokers of Chicago. "I want \$50 so badly I'd swim the Ohio river for it," he continued. There was a hurried consultation among a number of friends to whom he had addressed the remark and in a jiffy the amount of money was in the hands of John Newell, the well-known sporting man.

Not a bit daunted, Bradburn, accompanied by the entire crowd, went down to the bank of the river, disrobed and jumped in. He weighs 250 pounds, and he floundered around like an elephant. Then he started for the opposite shore. After dodging the river craft, he managed to land on the south side. He was completely exhausted and had swallowed about a gallon of water. He was rolled on a barrel for an hour before it was all out of him, then he was brought back in a boat, receiving an ovation and was given the money.
